

EnviroMix offers a comprehensive mixing solution and provides a single source of responsibility throughout all phases of the project. Consultative application support from our expert Engineering Team and delivery of a complete mixing system with all integral components ensures a mixing solution that optimizes both energy efficiency and overall process performance.

Project	Product	MGD	Mixing Application	Design Engineer	QTY of Nozzles
Gwinnett County, GA F. Wayne Hill WRC	BioMix	60	Sludge Mixing: Primary (3%) and WAS (2%)	Hazen & Sawyer	55
City of Hopewell, VA Hopewell Regional WWTF	BioMix	50	Chlorine Contact Chamber	HDR	90
Little Rock, AR Fourche Creek WWTP	BioMix	16	Anaerobic Digestion (2%)	Hawkins-Weir	176
Chambersburg, PA FCGA WWTP	BioMix	4.0	Equalization	Century Engineering	18
Warren, MI Warren WWTP	BioMix	36	BNR Mixing: Anaerobic/ Anoxic	Johnson Controls/ AECOM	160
Abington, PA RWA WWTP	BioMix	2.5	BNR Mixing: Anoxic/Swing	Gannett Fleming	108
Russellville, AR City Corporation PCWTP	BioMix	6.5	BNR Mixing: Anoxic	CDM Smith	60
Philadelphia, PA Southwest WPCP	BioMix	200	Channels	Gannett Fleming	726
Providence, RI Bucklin Point WWTP	BioMix	116	Sludge Mixing: WAS (2%) and TWAS (4-6%)	CDM Smith	18
Mount Pleasant, SC Center Street WWTP	BioMix	4.0	BNR Mixing: Anoxic Equalization	Black & Veatch	140
McBee, SC Alligator Rural Water	AquaBlend™	2.0	Potable Water: Ground Storage	Kellahan & Associates	8

EnviroMix offers a comprehensive mixing solution and provides a single source of responsibility throughout all phases of the project. Consultative application support from our expert Engineering Team and delivery of a complete mixing system with all integral components ensures a mixing solution that optimizes both energy efficiency and overall process performance.

Project	Product	MGD	Mixing Application	Design Engineer	QTY of Nozzles
Butner, NC SGWASA WWTP	BioMix	6.0	BNR Mixing: Anaerobic/ Anoxic/ Swing/ Post Anoxic	CDM Smith	284
Nashua, NH Nashua WWTP	BioMix	16	Sludge Mixing: Primary (4%) and WAS (2%)	Wright-Pierce	25
Bradford, PA Bradford STP	BioMix	8.8	Channels	Gannett Fleming	42
Norfolk, VA HRSD VIP	BioMix	40	BNR Mixing: Anoxic/ Swing/ Aeration	HDR	704
Parker, CO Stonegate Village WWTP	BioMix	1.1	BNR Mixing: Anaerobic/ Anoxic/ DeOx Sludge Mixing	Burns & McDonnell	43
Helena, MT Montana LEA	AquaBlend		Potable Water: Elevated Storage	Anderson Montgomery	1
Winchester, VA Opequon WRF	BioMix	12.6	Sludge Mixing: WAS (2%) Septage	Black & Veatch	50
Glens Falls, NY Glens Falls STP	BioMix	9.5	BNR Mixing: Anoxic	Arcadis	96
Henderson, CO SACWSD	BioMix	7.0	BNR Mixing: Anaerobic/ Anoxic	Burns & McDonnell	128
Lubbock, TX Northwest WRP	BioMix	3	Equalization	Alan Plummer Associates	84
Opheim, MT Town of Opheim	AquaBlend		Potable Water: Elevated Storage	Great West Engineering	1

EnviroMix offers a comprehensive mixing solution and provides a single source of responsibility throughout all phases of the project. Consultative application support from our expert Engineering Team and delivery of a complete mixing system with all integral components ensures a mixing solution that optimizes both energy efficiency and overall process performance.

Project	Product	MGD	Mixing Application	Design Engineer	QTY of Nozzles
Abilene, TX Hargesheimer WTP	BioMix	12	Sludge Mixing (FESO ₄ , 0.3%)	Enprotec / Hibbs & Todd	72
Catawba, SC Resolute Forest Products	BioMix	-	Sludge Mixing (Primary Pulp & Paper 2%)	Resolute Forest Products	44
Wadsworth, OH Wadsworth WWTP	BioMix	5	BNR Mixing (Anaerobic/ Anoxic)	Tetra Tech	36
Orlando, FL Orlando Water Conserv II	BioMix	21	BNR Mixing	TSC Jacobs	144
South Bend, IN South Bend WWTP	BioMix	48	Channels	Donohue & Associates / Acardis	138
Largo, FL Largo WRF	BioCycle-D™	15	Aerobic Digester	Hazen & Sawyer	576
Lakeland, FL Glendale WWTP	BioMix	13.7	BNR Mixing (Anoxic)	Trane / King Engineering	108
Brunswick, ME Brunswick WWTF	BioMix	3.9	Septage Mixing	Wright-Pierce	4
Farmington, CT Farmington WPCF	BioMix	5.7	Sludge Mixing Thickened Primary (4%), WAS (1.5%)	Wright-Pierce	30
Debary, FL Volusia—Southwest WRF	BioMix	2.9	BNR Mixing (Anaerobic/ Anoxic)	CPH Engineers	233
Hardeeville, SC BJWSA—Hardeeville WRF	BioMix	2.7	BNR Mixing (Anoxic) & Equalization	HDR	250

EnviroMix offers a comprehensive mixing solution and provides a single source of responsibility throughout all phases of the project. Consultative application support from our expert Engineering Team and delivery of a complete mixing system with all integral components ensures a mixing solution that optimizes both energy efficiency and overall process performance.

Project	Product	MGD	Mixing Application	Design Engineer	QTY of Nozzles
Beaufort, SC BJWSA—Port Royal WRF	BioMix	4.8	Equalization	Owner	240
Clairton, PA Clairton Municipal Authority	BioCycle-D	6.0	Aerobic Digester	KLH Engineers	224
Norton, MA MFN Regional WWTP	BioMix	3.1	BNR Mixing (Anoxic)	CDM Smith	126
Benton, IL City of Benton WWTP	BioCycle-D	2.5	Aerobic Digester	HMG Engineers	100
Chicago, IL MWRD Kirie WWTP	BioMix	110	BNR Mixing: Anaerobic	MWRD	42
Beckley, WV Piney Creek WWTF	BioMix	3.5	High Strength Waste	Energy Systems Group	15
Polson, MT Polson WWTF	BioCycle-D	0.47	Aerobic Digester	Dowl HKM	60
Cromwell, IN Cromwell WWTP	BioMix	0.15	Equalization	DLZ Indiana	24
Manatee County, FL North WRF	BioMix	8.0	Equalization	Kimley Horn	240
Cut Bank, MT Cut Bank WWTP	BioMix	0.5	BNR Mixing: Anaerobic/ Anoxic	Great West / Tetra Tech	16
St. Petersburg, FL North WRF	BioMix	20	Channels	Brown & Caldwell	14
