

# Regional Focus:

# COLORADO

With more than 15 installations in operation or under construction, EnviroMix has been working in Colorado for the past decade. We provide treatment plants in the region with solutions that reduce energy consumption, simplify maintenance, and optimize process conditions, enabling highly scalable and flexible operations. Projects in the state incorporate BioMix Compressed Gas Mixing — EnviroMix’s flagship technology — and powerful technologies including BioCycle-D Optimized Aerobic Digestion Process, BioCycle-ENR Activated Sludge Process, and the award-winning BioMix-DC Enhanced Anaerobic Mixing.

### Boxelder Sanitation District WWTF

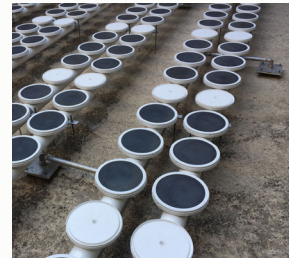

Consultant: Burns & McDonnell  
 Technology: BioCycle-D  
 Design Flow: 6 MGD  
 Application: Aerobic Digester  
 Start-up: June 2021

“BioCycle-D does exactly as labeled. The decoupling is a no brainer.”

Craig Hibbard,  
 Boxelder Facility Manager

### City of Loveland WRF

Consultant: Carollo  
 Technologies: BioMix, BioMix-DC  
 Design Flow: 10 MGD  
 Application: BNR Selectors  
 Start-up: May 2018

### Copper Mountain Metro District

Consultant: Owner  
 Technology: BioMix  
 Application: Equalization Tank  
 Start-up: October 2020

### South Adams County WSD

Consultant: Burns & McDonnell  
 Technologies: BioMix, BioMix-DC  
 Application: BNR Selectors  
 Start-up: November 2015

### Plum Creek WRA

Consultant: Burns & McDonnell  
 Technology: BioCycle-D  
 Application: Aerobic Digester  
 Start-up: September 2020

### Stonegate Village WWTP

Consultant: Burns & McDonnell  
 Technologies: BioMix, BioMix-DC  
 Design Flow: 1.1 MGD  
 Applications: BNR Selectors, Sludge Holding Tank  
 Start-up: May 2015

### Widefield WWTP

Consultant: JDS Hydro  
 Technology: BioMix  
 Application: BNR Selectors  
 Start-up: February 2019

“If I had known about BioMix 20 years ago, I would have never bought a mechanical mixer.”

Joe Creaghe, Loveland Plant Manager
